

## THOUSANDS CONVERTED

Louisville Evangelistic Campaign Swept the City With Force.

SEVEN THOUSAND CONVERTS RESULT.

Louisville, Ky., Feb. 27.—The end of the general evangelistic campaign came with last night's services, but in many of the churches the work will be continued for one or two weeks longer. After estimating the number of conversions at yesterday's services, the revival managers say that they believe the total for the entire two weeks will be nearer 7,000 than 6,000, while about 12,000 persons signed the cards to indicate a desire to lead a Christian life. It is thought that fully 75,000 different persons heard the preaching at one or more meetings, while the total attendance at all the meetings will go well up into the hundreds of thousands.

Dr. J. P. Calhoun believes that about 1,000 conversions were accomplished yesterday, which, in addition to the 2,000 during the first week, 3,000 on Decision Day and 2,000 during the last week, brings the result well up to 7,000.

### DIES NEAR NEBO.

Mr. Joe Mullen Passes Away After a Short Illness.

Mr. Joe Mullen, aged 94 years and one of the pioneer settlers of McLean county, died last Thursday night near Nebo from an attack of lagrippe. Mr. Mullen lived near Sacramento and was on a visit to his daughter who lives near Nebo when taken ill and after an illness of about eleven days passed away.

The interment took place in the family graveyard at Sacramento on Friday. He leaves several children one of whom is Mrs. Mary Hodze, of this city.

### DR. HARPER TO RETURN TO WORK.

Will Resume His University Duties as Soon as He Leaves the Hospital.

Chicago, Feb. 25.—Dr. William R. Harper intends to return to the University of Chicago, teach his Bible classes, conduct his duties as President of the institution, and live the life he has lived for the last decade as soon as he is able to leave the hospital.

With no hope for his ultimate recovery offered by his physicians, the noted educator will make no radical changes in his daily duties. Dr. Harper will work to complete in detail plans for the future of the school which he has had in mind for more than ten years, and which he has never fully made public. This will consume much of his time.

He is believed to have passed the crisis and his removal from the hospital in two weeks is almost a certainty.

### JACK S. MOORE DIES.

Sudden End of Popular Young Insurance Man at Hopkinsville.

Hopkinsville, Ky., Feb. 27.—Jack S. Moore, aged thirty-four years of age, one of the most prominent insurance men of the State, holding the position of special agent of the Hanover Insurance Company for Kentucky and Tennessee, died suddenly at his home here last night of heart disease. He had been indisposed for several days, but had been at his office Saturday, and the end was entirely unexpected.

He was a member of the Christian Church and the Masonic and Knights of Pythias Lodges. His mother and one brother, Durrett Moore, of Chicago, survive him. Interment will take place here tomorrow afternoon.

### GONE HOME

Mrs. J. J. Lipscomb Died at Her Home Here Last Thursday.

Mrs. Veturia B. Lipscomb, the wife of J. J. Lipscomb, of this city, died at her home last Thursday after a lingering illness. She was the daughter of Col. J. D. and Mrs. Nancy Gordon Hardwick and a cousin of W. L. Gordon, Sr., of Madisonville. She joined the Southern Methodist church when quite young and remained a member for a number of years afterwards uniting herself with the Cumberland Presbyterians and was a consistent member of this church up until the time of her death. She was interred in the Earlington cemetery Friday afternoon in the presence of a number of friends. She leaves an aged husband and three children to mourn her loss. Blessed are the dead that die in the Lord.

### AFTER FORTY YEARS

Draft of 1863 in Kentucky is Declared Illegal.

On or about the first of February, 1863, President Lincoln ordered a draft of 500,000 men in the United States. Kentucky had been pretty liberal in sending volunteers to the army and thousands were still going, and for this and other reasons the draft was not enforced until 1864. Now, after a period of forty years, the Court of Claims of the United States has declared the draft not legal on the ground that Kentucky had already furnished her quota.

The chances are good for a large amount of money to be returned to some of the older citizens and heirs of others, as each one drafted was released from service in the army on the payment of \$300. If this amount is now returned to each one who preferred paying to service in the army it will amount to more than a thousand dollars in each case. If this money is returned it will be the means of bringing sunshine into many needy homes in many counties in this end of Kentucky.

### JACK CHINN SEES ROOSEVELT.

"My Kind of a Man, He Does Things," Says the Kentuckian.

Washington, Feb. 25.—Col. Jack Chinn, of Kentucky, made an early call on President Roosevelt this morning to pay his respects.

"Roosevelt is my kind of a man," said Col. Jack. "He does things. Changed my politics? Not at all; I am a Roosevelt-bryan Democrat."

### WEBSTER COUNTY FARMERS

Three Million Pounds of Tobacco Sampled and Ready for Sale.

PRESIDENT AND SECRETARY OF ASSOCIATION AUTHORIZED TO SELL THE CROP AT AGREED PRICES.

(Special to THE BEE.)  
Slaughtersville, Ky., Feb. 27.—The Webster County Tobacco Association held its semi-monthly meeting in Dixon last Saturday. Every section where the association exists was represented except Onton. The executive committee after a short, harmonious session made, in substance, the following report:

First, that the three million pounds of tobacco now held by the association was sampled and now ready to be offered for sale.  
Second, President Ben Watson, Dixon, and Secretary J. V. Poole, Poole, be authorized to negotiate said sale either by correspondence or otherwise to the local buyers or to foreign manufacturers or buyers.  
Third, that all tobacco now striped be hung up or kept in safe keeping condition. That what is to be striped get to be managed by hanging up or any other method, that no one may lose anything on getting tobacco damaged while down and waiting for a sale to be effected.  
Fourth, that each delegate constitute himself a committee to canvass his respective territory to ascertain the sentiment of the tobacco growers as to the expediency of curtailing the next crop and report same at the next meeting. Should the sentiment to curtail prevail tests that end will be submitted, agreed upon, and taken at once.  
Fifth, that the association next meet in Sebree March 11 at 9 o'clock a. m.

While the committee was formulating its report the court house had been filled by farmers and sympathizers in the tobacco move and had been entertained by lawyers, Harris and Bourland, with telling speeches. The report of the committee was received without a dissenting vote.

## Special to Advertisers.

The late Jay Cooke said of his efforts to sell the bonds of the government during the civil war period: "My greatest assistance came from the newspapers. They helped me convince the farmers that the government bonds were the safest investment they could make, and then the securities began to disappear into the pockets of the men I wanted to have them." Mr. Cooke was advised to spend \$100 in advertising the bonds, but his first outlay in that line was \$10,000.—Globe-Democrat.

### GEN. WHEELER'S DAUGHTER

Will Be Sponsor for the South at Next Confederate Reunion.

Louisville, Ky., February 26.—Gen. Stephen D. Lee, commander in chief of the United Confederate veterans, has announced the appointment of Miss Carrie Peyton Wheeler, daughter of Gen. Joseph Wheeler, to be sponsor for the South at the Confederate reunion to be held in Louisville, June 14, 15 and 16. Miss Wheeler has selected Miss Lena Swift, of Atlanta, and Miss Clara Hall, of Louisville, to be her maids of honor.

### Box Party.

A box party will be given at the Armory Friday night, March 10th, for the purpose of raising funds to add another room to the Methodist parsonage. The parsonage now has only three rooms and as Rev. King, the present minister, has a large family they are consequently very much inconvenienced. The program of the party will be as follows: Each lady, young or otherwise, who will, is requested to prepare a lunch in a box and place her name therein. These boxes will be sold to the gentlemen at 25 cents each and the gentleman purchasing the box will share his lunch with the lady whose name is found on the inside. Both before and after the lunch appropriate games will be instituted for the amusement of the children and the younger people. The invitation is open to all who will accept and it is hoped a large number will respond, remembering the worthy object for which it is given.

### MORMON TITHING SYSTEM.

Government and State Salaries and Even those of School Teachers Must Pay Tithing.

Washington, March 1.—Senator Kearns, of Utah, in the course of a farewell speech in the senate, Tuesday, in which he inveighed bitterly against the Mormon hierarchy, referred to the tithing system. He said that no accounting was made of this vast sum of one-tenth of the incomes of all the Mormons, and that the president of the church expended it according to his own will. He said the hopelessness of contending in a business way with this account was perfectly apparent, and continued:

"It will amaze you to know that every dollar of United States money paid to any servant of the government, who is a Mormon, is tithed for the benefit of his monarch. Out of every thousand dollars thus paid he gets \$100 to swell his grandeur. This is also true of money paid out of the public treasury of the state of Utah to Mormon officials. But what is worst of all, the monarch dips into the sacred public school fund and extracts from every Mormon teacher one-tenth of his or her earnings and uses it for his unaccounted purposes; and by means of those purposes and the power which they constitute, he defies the laws of his state, the sentiment of his country, and is waging war of nullification on the public school system so dear to the American people."

### FOR THE INAUGURATION.

Governors of Fourteen States Will Participate in the Inauguration at President Roosevelt.

Washington, March 1.—With the great bulk of the arrangements for the inauguration of President Roosevelt on March 4 completed, the work has narrowed down to winding up the final details.

The governors of 14 states are expected to participate in the parade. They are: Governors Bell of Vermont; Roberts of Connecticut; Cobb of Maine; McLean of New Hampshire; Higgins of New York; Lea, Delaware; Cummins of Iowa; Warner of Michigan; Blanchard of Louisiana; Pennypacker of Pennsylvania; Montague of Virginia; Glenn of North Carolina; Herrick of Ohio, and Warfield of Maryland.

Gov. Cummins of Iowa has arrived here. He is expected to join the high school boys, the coming to join the high school representation in the parade.

The brigadier-general commanding the United States marine corps has announced the detail of a regiment of two battalions of marines for the inauguration. These will number about 600 men, exclusive of the Marine band.

## GETTING READY

Details for the Inauguration Rapidly Being Perfected.—Governors of Fourteen States

WILL BE IN PARADE.

Washington, D. C., March 1st.—With the great bulk of the arrangements for the inauguration of President Roosevelt on March 4 completed the work today narrowed down to winding up the final details. The headquarters of the Inaugural Committee was a busy scene and Chairman Wilson and Secretary Hitchcock greeted a host of visitors and conferred with their corps of committee assistants. One of the first arrivals today was a band of Sioux Indians, who told the committee that they were anxious to participate in the parade in their native regalia. Gen. Wilson referred them to the Commissioner of Indian Affairs. They cannot be assigned places in the procession, but may be given some outside honorary duties in connection with the inaugural ceremonies. The Indian representation in the parade will consist of the delegation of half a dozen famous warrior chiefs, recently announced, and a cadet battalion of 300 of the Indians from the Carlisle Indian school at Carlisle, Pa. The Carlisle Band of fifty pieces will accompany the battalion.

The Governors of fourteen States are expected to participate in the parade. They are:

Govs. Bell, Vermont; Roberts, Connecticut; Cobb, Maine; McLean, New Hampshire; Higgins, New York; Lea, Delaware; Cummins, Iowa; Warner, Michigan; Blanchard, Louisiana; Pennypacker, Pennsylvania; Montague, Virginia; Glenn North Carolina; Herrick, Ohio, and Warfield, Maryland.

The influx of inaugural visitors has begun, and all the railroads entering Washington have made preparations to handle an immense crowd from every quarter of the country. Some of the regular troops, including the Seventh United States cavalry, from Georgia, and 300 troopers of the Ninth cavalry, from Missouri, have arrived. Capt. Seth Bullock, former Sheriff of Deadwood county, S. D., and a personal friend of President Roosevelt, who will command a detachment of cowboys in the parade, reached here ahead of his detachment in order to arrange for their reception.

All along the line of march and adjacent streets flags and bunting are displayed on buildings, reviewing stands have been built on both sides of Pennsylvania avenue at frequent intervals between the Capitol and the White House.

Complaint is made that Tom Lawson is slow in reaching the climax of his story. Wall Street says there will be no climax.

George McCormick left for Earlington Monday to make his future home, having secured work in the roundhouse.

### roundhouse.

Some parties are talking of suing the Government for money paid during the Civil War in place of service in army and for fines assessed against certain citizens for aiding and abetting the South. We are aware of the fact that a large amount of money was collected and it was claimed was used to pay for horses and other property taken or destroyed by the Confederate soldiers. As to what authority they had for so doing we do not pretend to say.

So much coal is being shipped over the Providence branch of the L. & N. railroad that a new train had to be put on and it now makes daily trips.

Owing to the unfavorable weather work on the new church at Rose Creek has progressed very slow, but with the opening of spring the work will be pushed to a finish.

### ADDITIONAL EDITORIAL.

THE plucky Japs and the fearfully oppressed peasants continue to drive light spots into the density of Russian darkness. These spots are explosive and fearful and are only spots as yet, but they forecast a violent storm that will one day rend the darkness of oppression and let the sun of liberty shine even in Russia.

COL. WILLIAM JENNINGS BRYAN, of Nebraska, and Col. Jack Chinn, of Kentucky, have both quite recently expressed their approval of President Roosevelt. The doughty colonel of the Rough Riders has certainly carried war into the enemy's camp with a vengeance, to have captured these two fighting colonels of the regular Democracy.

### Rose Coghlan and Some Others.

Theatrical memories cluster thick about "Diplomacy," of which Rose Coghlan supported by Howard Key will give the great Rose Coghlan production at the Morton Theatre on March 7th.

ROSE COGHLAN.

Among the eminent actors that have illustrated this masterpiece of comedy play writing have been Sir Square Bancroft, Mr. and Mrs. Kent, Lester Wallace, Harry Montague, Charles Coghlan, Frederick Robinson, William Faversham, Margaret Anglin and Jessie Millard. Concluding these great figures in dramatic history Miss Coghlan can justly say, like the Greek hero of old, "Of them I am chief." It was her Countess Zicka that made the great success of the original performance in New York, and that impersonation is the standard today. Her enactment of the difficult role is said to have gained in breath and power by her recent experiences.

### An Ideal Sunday.

The ideal weather of Sunday and since was just the right combination for making everybody glad. There has not been a typical Sunday this year.

In describing the conditions Sunday there was just the right amount of sunshine, just the proper amount of invigorating atmosphere that made those who have horses hurry out for drives, while the rest found pleasure in long walks.

We have had such a disagreeable run of weather since the first of the year that sunshine is appreciated more than ever before.

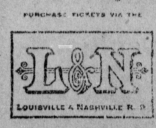

Many remember Mark Twain's droll statement when he said: "There's an awful lot of talk about the weather but nothing ever seems to be done about it." The kind he spoke of was New England weather but here in Kentucky it's different. Something has been done about it, as the sunshine of the past few days has proven.

### New Stock Farm.

Judge J. F. Gordon and Frank Todd have embarked in a new enterprise near Madisonville and one that is destined to make its impression upon the farming and horse interests of this county. These gentlemen expect to handle the finest stock of kinds and will do all in their power to improve the stock of the country. The farm is just starting and improvements will be made as rapidly as possible. It is the promoters' intention to make it a model stock farm in every respect before the summer is over.

## FOR 1905

### The Atlanta Constitution

The Greatest American Weekly Newspaper,

ONE DOLLAR PER YEAR.

### The Sunny South

The South's Standard Literary Weekly,

FIFTY CENTS PER YEAR.

**BOTH FOR ONLY \$1.25**

SENT TO ANY ADDRESS IN AMERICA.

THE combination of these two weekly papers—the one for news, the other purely literary—makes an ideal offer for every Southern household.

THE WEEKLY CONSTITUTION, 12 to 16 pages, contains the news of the week carefully prepared and intelligently presented. Its agricultural features alone are worth many times its subscription price. Its market page is always complete. Its Woman's Kingdom and Children's Department are the best read and most appreciated pages at the fireside. Its special articles and contributions are of the highest standard.

THE SUNNY SOUTH is the recognized literary leader of the South, popular throughout its wide territory, and known by its great work in the introduction of new Southern writers to the literary world. Many of its short story contests have brought to light authors whose fame and fortune have been made possible by The Sunny South. It is welcomed in over 50,000 homes today and is destined to be the leading American story and household paper.

This wonderful combination blends all that is desirable in a home reading offer, two complete papers every week, and 1905 will demonstrate to you its value and insure your enrollment as a lifetime subscriber.

Wesley Lankford ..... 2.35  
Humphy Woodson ..... 2.25  
Doc Nickols ..... 1.75  
Public collection ..... 5.60  
Total ..... \$18.45

Brother Dunlap's class proved to be the banner class.

Daniel Gray was called to Princeton, Ky. his home, Saturday to attend the bedside of his father.

George Shelton has been dressed up for a week and is smiles.

Our sick are: Sarah Osborn, Mary Prentice, Lee Saunders, Henry Earl, Thomas Earl and Wm. Hancock.

We have another case of smallpox in town. Rev. Lucian Shanklin, one of Mrs. Joe Hargraves boarders, was carried to the pesthouse Tuesday.

George Amos, of Mortons, visited in Earlington this week.

Our people are great on copying.

The members and friends who so liberally assisted us in building the A. M. E. Zion church are requested to be present next Sunday morning, March 5th, and be photographed together with the church. Your photograph and name won't cost you anything. So come and let the public know that you helped to erect this house for God. You must be at the church at 11 a. m. sharp. The scaffolds have all been this week.

### MORTONS GAP NEWS-COLORED.

### The Kind of News We Want.

One of our correspondents writes to know if we will let her know what kind of news we want. Yes, we print a list of subjects below which will be of much assistance in writing news for a country paper. It would be a good idea to cut out the list and keep it handy:

Deaths.  
Births.  
Marriages.  
Real Estate Sales.  
Live Stock Sales.  
Confagurations.  
Accidents.  
Conditions of Crops.  
Unusual Weather Conditions.  
Visiting Abroad.  
Visitors from Abroad.  
Society Meetings.  
Lodge Meetings.  
Church News.  
School News.  
Condition of Roads.  
Family Reunions.  
Public Meetings.  
Curiosities.  
Battles.  
Robberies.  
Murders.  
Something Good About People.  
Anything of General Interest.  
Write plainly. Write on one side of the paper only. Don't worry about polishing sentences with faintest rhetoric. What we want is NEWS—plainly told.

## THE BANDIT BACHELOR.

President Wheeler, of the University of California, thinks bachelors ought to be taxed and says some warm things about these irregular members society. He says:

"In the long run what upholds the family will uphold the State. The State cannot exist without the home. If the home is left out none of that necessary solid moral fibre can exist. Good morals are nothing less than the regularities and ordinaries of social life. Between morals and religion there can be no dividing line. Good morals are a constituent part of life. Individualism is a danger to the State."

"Bachelors and clubmen are bandits, guerrillas and outcasts. I would favor, if such a thing were legal, a special tax upon bachelors. They don't take part in the normal work of society. They are abnormalists, and abnormalists should pay taxes. Beware of the doctrines which base themselves upon false conceptions of individuals instead of a family, which is the only social unit."

Truly these are troublesome times for all enemies of society, for all who do not follow the scriptural standard of the family and the home.

The agitation against the wife-beater, the divorcee, the race suicidist, is strenuously pushed from high places. And now the college president paints the bachelor as the worst social offender in the lot. However, most attractive young ladies who have dared to live to the age of twenty-five or thirty could tell of extenuating circumstances in the lives of some bachelors and perhaps they are not all bad from choice. For the deliberately wilful bachelor there is no excuse. He is all the professor calls him and the President should send a special message to congress demanding that this social bandit be taxed out of existence. If it isn't legal let's make it so. But, lest the public indignation be too highly wrought, a charitable care should be exercised to see that no innocent bachelor is lynched. Let us not be over hasty.

It is possible that Congress may this week pass the bill to increase the President's salary from \$50,000 to \$100,000 a year. The bill was introduced by a Democrat, Representative Maynard of Virginia. Republican members feel a delicacy in pushing such a measure since there is a Republican Congress and a Republican President. Many Democratic members favor the proposition and are expressing themselves openly. Representative Aiken, of South Carolina, a Democrat, is quoted:

"The President of the United States is underpaid," said Mr. Aiken, "and the salary ought to have been raised long ago. No President we have had or will have for many years to come more richly deserves the increase than Mr. Roosevelt."

"As I understand it, the measure providing for the increase must be passed at this session or it will not apply to President Roosevelt at all." The present salary is wholly inadequate to meet the necessary demands of official life made upon the country's chief executive and informed Americans will endorse the proposed increase.

These are days of great things in the material progress of the world. And these United States are abreast of the front except

in large spots where they are away ahead of all other nations. A case in point just now is the great canal across the Isthmus of Panama. Concerning the conclusions of the Isthmian Canal Commission a Washington dispatch says:

They find that a sea level canal is entirely practicable, but that it will cost something like \$100,000,000 more than a canal with locks, and will require probably fifteen years to construct, as against ten years estimated for the completion of the canal.

A hundred millions of money more or less, five years of time more or less, weight but lightly in the scale of our national progress and the welfare of the world.

## Preacher's Hard Job.

(From the Kansas City Journal.) Down in one of the southern Kansas towns the other day the preacher at a funeral made a sad mess of it when he attempted to read an obituary of the dead woman. She was in Ystradgynlas, Glamorgan-shire, Wales.

## WILLING TO WEAR THE COAT

A Dozen Republicans Willing to Step Into Cockrell's Shoes.

Programme Agreed Upon in a Caucus of Missouri Republicans at Jefferson City.

Jefferson City, Mo., March 1.—In view of the decision of Thomas K. Niedringhaus to withdraw from the senatorial contest, the republican members desired him to do so, with the belief that they could elect a candidate other than those already mentioned or voted for. Jefferson City is teeming with senatorial boomlets.

A dozen republicans expect to be surprised with the honor of the toga worn by Francis M. Cockrell.

Only a few names, however, are being seriously considered by the republican members of the assembly. There is considerable talk of Capt. Henry S. King, of St. Louis, as a compromise candidate. Capt. King has many admirers in the assembly, and if he indicates his consent in the slightest way his name will be put forward.

Another formidable candidate is Maj. William Warner, of Kansas City. Next to Warner, Col. Patrick Dyer, of St. Louis, is considered available.

About 50 republicans attended the caucus in Mr. Niedringhaus' apartments at the Madison hotel.

When the caucus finally adjourned it was with the understanding that an attempt will be made to get all the bolters except the Kerns men to meet with the regulars in a caucus in the senate chamber. At that caucus an attempt will be made to agree on a candidate for the senate other than Niedringhaus or Kerns, and if an agreement is reached the Kerns bolters will be asked to vote with the majority and settle the trouble.

If it is found impossible to agree on any other candidate, or Kerns holds out his forces and thereby prevents an election, the Niedringhaus forces are expected at the finish to return to the caucus nominee.

This programme was agreed to by all, and has the full approval of Mr. Niedringhaus.

## Languages Learned for After Life.

(From the St. James' Gazette.) The White Friars varied a talk on Don Quixote at last week's dinner with anecdotes. Mr. Augustine Birrell told the Friars that Cato started to learn Greek in his eighteenth year because he was afraid Charon might not know Latin. Prof. Ray Lankester capped this. An aged female ancestor, he said, began the study of Hebrew so that she might address the Deity, when the time came, in the appropriate tongue.

## Mule Statistics.

There are 2,675,916 mules in the United States, valued at \$217,322,832. Texas is the leading state in the mule industry, with 399,018, and Mississippi second, with 211,444, and Missouri third, with 292,888 mules. South Carolina is credited with 195,204. The United States leads in this great animal industry. The average value of mules is given at \$78.88, against \$67.93 for horses.—Ex.

## Proper Treatment of Pneumonia.

Pneumonia is too dangerous a disease for anyone to attempt to do for himself, although he may have the proper remedies at hand. A physician should always be called. It should be borne in mind, however, that pneumonia always results from a cold or from an attack of the grip, and that by giving Chamberlain's Cough Remedy the threatened attack of pneumonia may be warded off. This remedy is also used by physicians in the treatment of pneumonia with the best results. Dr. W. J. Smith, of Sanders, Ala., who is also a druggist, says of it: "I have been selling Chamberlain's Cough Remedy and prescribing it in my practice for over six years and I use it in cases of pneumonia and have always gotten the best results." WORKS WITH STEALTH

First, a slight Throat or Lung Trouble, a little neglect or indifference on the part of the patient—then Consumption! This has been the tale told of many a wasted life. The one truly scientific prescription against this dread disease is

**DR. OTTO'S SPRUCE GUM BALSAM**

FROM THE RED SPRUCE TREE

If you have a cough you do not need an expectorant, but a soothing specific to throw off the phlegm without coughing or straining. Dr. Otto's Spruce Gum Balsam allays inflammation, heals the lungs and strengthens the respiratory organs, thus imparting a vigorous energy to the whole system. Invaluable for Croup, Colds, Whooping Cough, Croup, Bronchitis, Asthma and Sore Throat. GET THE BEST—All counterfeiters are detestable imitations of the genuine. For bottle, 25c and 50c.

Learned DeWese, of Warwick county, Ind., writes: "I had a severe cough for nearly three months. I tried everything. I thought it was going into Consumption. My attention was drawn to Dr. Otto's Spruce Gum Balsam and I procured a bottle of it. I took it as directed. I finally got a bottle of Dr. Otto's Spruce Gum Balsam. After taking the first dose I felt a change. I took several bottles and was entirely cured."

Dr. Otto's Spruce Gum Balsam, 141, Evansville, Ind., writes: "I have cured six children of whooping cough by using Dr. Otto's Spruce Gum Balsam. One boy, who had been ill for several weeks, and the little ones rest easy the balance of the night. Would not be without it."

**The Gossipers.**

Written for The Bee by Miss G. Bard.

Did you ever hear the gossip?  
 Dealing poison in a whisper  
 And a sigh?  
 Moving gracefully along  
 Smiling sweetly or in song.  
 Gliding softly as a snake  
 Stopping here and there  
 Through the meadows, through the brake  
 Leaving poison in their wake,  
 Poison Everywhere.

Did you ever see the gossip?  
 As she sat,  
 Smiling brightly, neat the flowers  
 On her hat?  
 In her charming stylish dress  
 She was lovely nothing less  
 Casting smiles and pleasant words  
 About  
 But once she slowly shook her head  
 Hushed her eyes and nothing said  
 And on the friend you spoke of left  
 A doubt.

Did you ever watch the gossip?  
 In a crowd,  
 At choice bits of scandal  
 Laughing about?  
 Moving here and stopping there  
 With a whisper light as air,  
 Casting shadows on some other  
 Woman's fame.

Just a smile, a glance, a word,  
 Lightly uttered, scarcely heard  
 And doubt forever hangs upon a  
 Name.

You will find this gossip?  
 Where're you roam,  
 Gossips both men and women  
 Here at home?  
 Their tongues are dipped in foul-  
 est slime  
 And they spend their idle time  
 In flinging mud on those who climb  
 By push and shove;  
 Shun these creatures all who can  
 Lest while they grasp with friend-  
 ly hand  
 They crush to earth.

## HOT FIRE IN HOT SPRINGS

Two Thousand Homeless, Three Lives Lost, 400 Houses Burned.

Firemen Made Desperate Effort to Stay  
 Flames, But Water Supply Failed—  
 Loss, \$2,000,000.

Hot Springs, Ark., Feb. 27.—Forty blocks were eaten away by the fire which raged in this city Saturday. The financial loss will reach \$2,000,000. Two thousand people have been rendered homeless and about one hundred public and business buildings and 300 residences have been destroyed.

The fire swept district is between Macchase avenue and Prospect street, and among the buildings destroyed are the Grand Central hotel, Lee house, Moody house, Platts hotel, Columbia hotel, the courthouse, the Methodist church, Jewish synagogue and Oulfe's general store, one of the largest in the city.

Firemen made desperate efforts to check the spread of the flames, but the water supply failed and their only weapon was a bucket brigade, in which hundreds of volunteers took part.

Three unknown bodies have been taken from the ruins.

That the loss of life was not much greater is due largely to the efforts of Sheriff Williams and some of his deputies, who succeeded in rescuing 20 prisoners from the jail and transferring them to the city hall.

The loss of the courthouse was attended by the destruction of many valuable records and documents which it will be impossible to replace.

The direction of the wind carried the flames away from the wealthier section of the city and from the larger hotels and more expensive business buildings.

Near the fire, but to the leeward, is the great Eastern hotel, the largest in the springs, and directly across the street from this are the Army and Navy hospital, and the Imperial bath, none of which was damaged by the flames.

The citizens' relief committee has the situation well in hand.

The amount subscribed for relief totals \$12,000 thus far, but has been steadily increased. The committee feels that they can feed the homeless. Voluntary subscriptions from the outside are being accepted.

Mayor Belding ordered all saloons closed, and there was a "light" Sunday in Hot Springs. The following statement has been issued:

"To the Public: The fire-swept area lies principally in the residence portion of the city. While the loss is enormous, the principal business portion of Hot Springs, including the hotels and bath houses, are not affected. We think, therefore, it proper to request the people to state that the city has ample accommodations for all who may desire to visit it for health, and no accommodations will be tolerated."

**GOV. FOLK ON STOLEN BILL**  
 Attorney-General Hilkey Directed by the Governor to Help Find the Thief.

Jefferson City, Mo., Feb. 24.—Gov. Folk sent the following communication to Atty.-Gen. Hadley: Hon. Herbert S. Hadley, Attorney-General, Jefferson City, Mo.—Dear Sir: Information having come to me that the original of House bill No. 11, pending the house of representatives of the general assembly of the state of Missouri, and a spurious bill substituted therefor are hereby instructed to institute an investigation in order to ascertain the person or persons who are to the end that just punishment may be meted out to him or them for this violation of the law and flagrant outrage against the law-making body and dignity of the state.

You are authorized to co-operate with the prosecuting attorney of Cole county, and to do all things necessary to accomplish the desired ends.

Spare neither time nor expense in forcing this thing out, and do not let your efforts cease until the guilty party or parties are brought to the bar of justice.

If the contingent fund at your disposal is not sufficient to meet the expense of your inquiry, advise me and I will recommend to the general assembly the appropriation of such sum as may be necessary. Very respectfully,

JOSEPH W. FOLK, Governor.

**TWENTY-THREE LIVES LOST.**  
 Fifteen Bodies Recovered, and It Is Impossible That Any of Impersonated Men Are Alive.

Bluefield, Va., Feb. 23.—Twenty three miners are believed to have been killed by an explosion in the United States Coal and Coke Co.'s shaft No. 1 at Wilcox.

Fifteen bodies have already been recovered, and it is considered impossible that any of the men in the shaft could have escaped alive.

The cause of the accident is unknown, and as the men are undoubtedly all dead, it is unlikely that they will ever be fully explained.

## Brasher's Real Estate Column.

All Kinds of Real Estate Bought and Sold or Exchanged by John B. Brasher, Madisonville, Ky.

## TIMBERED LANDS A SPECIALTY.

Parties desiring to purchase a city home in Madisonville or a farm in Madisonville or adjoining counties, or parties desiring to exchange property to sell or exchange property of any kind in the character of real estate will find it to their interests to call at the County Clerk's office in Madisonville, Ky., before making a deal with other parties. I always have a variety of houses and lots on hand and also a variety of farm lands which I will sell at reasonable prices and on easy terms, or if it does not suit parties to buy, I will trade property on a fair basis of exchange. I have at all times customers desiring different kinds of homes and farms and at all prices, consequently I am constantly in the market for all kinds of real estate, and am in position to make any sized trade or to handle any kind of a deal. I will buy and pay cash for timbered lands at reasonable prices, so if you are in the market to buy or sell, come to see me and I can accommodate you.

Persons desiring to locate in Madisonville or Hopkins county can not over estimate the advantages they will find here over other towns and counties in the State. The farm lands of Hopkins county will average well with other farm lands of Kentucky—producing everything that can be raised in any other county in the State—and we have here a ready cash market for every thing the farmer has to sell. The coal mines of Hopkins county employ thousands of hands and they are paid off twice a month in law money, thereby enabling them to pay cash for everything they buy. The coal mines alone bring hundred thousands of dollars into our county every year that other counties do not have and that money is principally left in the country and is spent with our farmers and business men. We have one of the finest schools in Madisonville in the State, and it is only a question of a short time when we will have one more, if not two, running through the town. The country here is steadily advancing and will continue to advance, therefore, parties desiring to locate in this county will act wisely to do so now.

## I now own the following pieces of property which I will sell at the prices named on easy terms:

No. 1.—A splendid lot 108 feet wide and 221 feet long, with a good two story frame house thereon, in the center of the town. The lot will sell for \$1,000. Said lot is beautifully situated in the "White Settlement" of Madisonville, and is surrounded on three sides of it, plenty of shade trees and fruit trees in the yard. The buildings thereon are in good repair; the rooms are nicely papered and have good water in the kitchen and a good water tank. Said lot is a very cheap place of property in Madisonville and cannot be duplicated for \$1,000. I will sell this property for \$1,000.00.

No. 2.—A good lot 75 feet wide and 228 feet long, with a frame cottage thereon, in the center of the town. Said lot is a very cheap place of property in Madisonville and cannot be duplicated for \$1,000. I will sell this property for \$1,000.00.

No. 3.—A good lot 75 feet wide and 228 feet long, with a frame cottage thereon, in the center of the town. Said lot is a very cheap place of property in Madisonville and cannot be duplicated for \$1,000. I will sell this property for \$1,000.00.

No. 4.—A good lot 75 feet wide and 228 feet long, with a frame cottage thereon, in the center of the town. Said lot is a very cheap place of property in Madisonville and cannot be duplicated for \$1,000. I will sell this property for \$1,000.00.

No. 5.—A good lot 75 feet wide and 228 feet long, with a frame cottage thereon, in the center of the town. Said lot is a very cheap place of property in Madisonville and cannot be duplicated for \$1,000. I will sell this property for \$1,000.00.

No. 6.—A good lot 75 feet wide and 228 feet long, with a frame cottage thereon, in the center of the town. Said lot is a very cheap place of property in Madisonville and cannot be duplicated for \$1,000. I will sell this property for \$1,000.00.

No. 7.—A good lot 75 feet wide and 228 feet long, with a frame cottage thereon, in the center of the town. Said lot is a very cheap place of property in Madisonville and cannot be duplicated for \$1,000. I will sell this property for \$1,000.00.

No. 8.—A good lot 75 feet wide and 228 feet long, with a frame cottage thereon, in the center of the town. Said lot is a very cheap place of property in Madisonville and cannot be duplicated for \$1,000. I will sell this property for \$1,000.00.

No. 9.—A good lot 75 feet wide and 228 feet long, with a frame cottage thereon, in the center of the town. Said lot is a very cheap place of property in Madisonville and cannot be duplicated for \$1,000. I will sell this property for \$1,000.00.

No. 10.—A good lot 75 feet wide and 228 feet long, with a frame cottage thereon, in the center of the town. Said lot is a very cheap place of property in Madisonville and cannot be duplicated for \$1,000. I will sell this property for \$1,000.00.

No. 11.—A good lot 75 feet wide and 228 feet long, with a frame cottage thereon, in the center of the town. Said lot is a very cheap place of property in Madisonville and cannot be duplicated for \$1,000. I will sell this property for \$1,000.00.

No. 12.—A good lot 75 feet wide and 228 feet long, with a frame cottage thereon, in the center of the town. Said lot is a very cheap place of property in Madisonville and cannot be duplicated for \$1,000. I will sell this property for \$1,000.00.

No. 13.—A good lot 75 feet wide and 228 feet long, with a frame cottage thereon, in the center of the town. Said lot is a very cheap place of property in Madisonville and cannot be duplicated for \$1,000. I will sell this property for \$1,000.00.

No. 14.—A good lot 75 feet wide and 228 feet long, with a frame cottage thereon, in the center of the town. Said lot is a very cheap place of property in Madisonville and cannot be duplicated for \$1,000. I will sell this property for \$1,000.00.

## Curing That Grippe Cough

I  
 Grippe leaves the lungs in a sensitive condition. "Grippe Cough" is the symptom of a sudden, stubborn inflammation of the air passages that should be cured as quickly as possible.

There's no question as to the kind of remedy needed. It must be a healing, soothing, building, strengthening preparation that will remove the cause of the trouble. Ordinary narcotic cough syrups will not answer.

III  
 Diamond White Pine with Tar has just the action that any remedy must have to thoroughly cure Grippe Cough. It has a direct, specific effect on the mucous membrane of the air passages. We know of nothing better for coughs of this class, or, for that matter, for any kind of cough.

We Will Refund Your Money if the Remedy Fails.

#### THE MASTER OF THE SOIL.

I like the honest farmer man,  
The hardy son of toil;  
The man who hoes and rakes and mows—  
The master of the soil.  
The man who wears a battered hat,  
Whose trousers show repair;  
Whose horny hand attacks the land  
And plants a garden there.  
The man who turns his rested eye  
To greet the waking dawn;  
Whose herd he feeds and tends its needs  
Before the breakfast hour.  
All hail the honest farmer man,  
And compliment his toil;  
The man of worth, who feeds the earth,  
The master of the soil.

#### Helpful Hints.

Sheep raising, it is said, is fast becoming the greatest live stock industry in the world.

The strawberry plant is something of an evergreen, its leaves remaining green throughout the winter.

Every farmer, no matter what crop he is raising, should find out for himself the particular kind of fertilizer his land needs.

The potato has been forced from its natural functions since the beginning of its cultivation, until it expends all of its energy in the production of tubers.

An apple curiosity comes from New York. It has a light yellow skin and flesh which runs from bright red to a salmon color. It is not large, but is very good eating.

The finer the soil, the more likely is the seed sown to be covered from the sunshine, and the quicker will capillary action be established. Capillary action is necessary to give the seed water for the development of the shoot.

Kansas has a tame goose 52 years old, which is still hale and hearty. Its gender brother died 13 years ago and its sister goose five years ago. Though her "lovely companions" are gone this last goose is as nimble and sprightly as those of her kind generations younger.

#### Separate the Sexes.

It is the height of foolishness to allow the male birds to run with the hens during the fall and winter months unless eggs are wanted for hatching. It should be remembered that an unfertilized egg is dead matter, while a fertilized one contains a life-germ that is ready to take on animal existence as soon as the proper conditions are furnished. Even at a low temperature of 50 degrees a fertilized egg will begin to decay long before an unfertilized one would show the least change. Keep the male and females separate. Commercial Poultry.

Many small things will make a large result. If every farmer would plant an improved variety of corn that would add only one more grain to each year the total would be 5,000,000 extra bushels of corn in the United States. Any farmer can easily increase his own crop by adding one kernel to each year, says Prof. Hunt, in his "Cereals of America."

## JAPANESE FORCES ARRIVE AT MUKDEN

They Are Pouring a Steady Fire From Eleven-Inch Mortars Into the Town.

### KUROKI'S FORCES MANEUVERING TO CUT RAILROAD TO THE NORTH.

Another Force Is Bearing to the South and East to Cut Off Rail Communication With Vladivostok.—Russian Admit Advantage Is With Japanese.

Newchwang, Feb. 25, via Tientsin, 3 p. m.—A correspondent who has just returned here from the front, says that the general advance of the Japanese forces which is now on the result of Gen. Kuroki's forces reaching Mukden, into which they are now pouring a steady fire from 11-inch mortars. The besiegers appear to have the range to the fort and are doing great damage behind the Russian lines.

Reports from Chinese sources say that the advance movement of the Japanese is a general one, extending all along the line, and that it is meeting with great success. Kuroki's forces are said to be maneuvering to cut off the railroad to the north of Mukden, while a special force is moving to the south and east to cut off rail communications with Vladivostok.

#### TOKIO SAYS VICTORY.

Later Reports Confirm Oyama's Claims of Success.

Tokio, Feb. 25.—Late reports from the Manchurian headquarters in the field, confirm the first reports of Field Marshal Oyama's victorious attack of the Russian east wing about 50 miles southeast of Mukden.

The battle, which the report intimates is being attended with heavy casualties on both sides, is still in progress, but the attacking party has already captured the Russian's outer works and is now concentrating its attack on the main position.

### KUROPATKIN'S HANDS ARE FULL.

Admits the Advantages in Present Action Are With Japanese.

St. Petersburg, Feb. 25.—An action of no mean proportions is in progress of the Russian left flank. The advantage thus far is on the side of the Japanese, though at heavy cost. From advice from the front it is difficult to say how severe the losses have been, or how decisive the reverse, and whether the Japanese will be able to drive in the Russian left much further. Gen. Kuropatkin evidently has been trying to establish his left flank far in advance to command the crossings of the Taltse river, the operation being a counterpart of Gen. Gripenberg's movement on the right flank to secure the fords of the Hun river preparatory to the breaking up of the ice in the spring. The scene of the operations is 50 miles southeast of Mukden, beyond Da pass, an important defensive commanding the road to Pushan. Both armies occupying apparently impregnable positions on the centers. Gen. Kuropatkin evidently planned to in augurate widely sweeping operations on both flanks, but the Japanese countered hard.

Press dispatches from the front indicate that the weather is fine and favorable for operations, and that all is quiet on the Russian right wing.

According to a Vladivostok dispatch, the entrance to that harbor is open, and the Russian, which is scarcely likely, is apparently taking no risks, but is saving its strength for co-operation with Vice-Admiral Rojestvensky's squadron.

### BRIDGES WRECKED BY ICE

Kansas City Cut Off From the Packing House District By the Wrecking of Bridges.

Kansas City, Mo., Feb. 25.—Floating ice in the Kaw river has completely wrecked the pile bridges of the Kansas City Belt line and the Rock Island railroad. The material of these structures has been saved, but the railroads have not yet decided whether they will rebuild the pile bridges or hasten the construction of steel bridges. It is said that the railroads may be engaged from rebuilding pile bridges, as they are considered a menace to other property. The Kansas City Belt line now has connection with the packing house district, and the Rock Island will have to use other roads to move freight from the west bottoms to Armourville.

### HOT PAUL JONES' COFFIN

The London Coffin Unearthed in Paris Proved to Contain the Remains of an Englishman.

Paris, Feb. 25.—A preliminary examination which Ambassador Portier is making for the body of John Paul Jones, the naval hero of the revolutionary war, recently discovered a lead coffin. The name plate on the coffin was very much corroded, but the inscription has finally been deciphered, showing that it was the coffin of an Englishman buried May 5, 1790, two years before the death of Jones. Consequently the coffin will not be opened. The examination continues.

#### To Investigate Beef Trust.

Chicago, Feb. 25.—The special federal jury which was investigating the beef trust cases has been drawn.

## HEALTH

"I don't think we could keep house without Thedford's Black-Draught. We have used it in the family for over two years with the best of results. I have not had a doctor in the house for that length of time. It is a doctor in itself and always ready to make a person well and happy."—JAMES HALL, Jacksonville, Ill.

### No DOCTOR

is necessary in the home where Thedford's Black-Draught is kept. Families living in the country, miles from any physician, have been kept in health for years with this medicine as their only doctor. Thedford's Black-Draught cures biliousness, dyspepsia, colds, chills and fever, bad blood, headaches, diarrhoea, constipation, colic and almost every ailment because the stomach, bowels and liver kidneys so nearly control the health.
